INDIVIDUAL COURSES TRAINING SERIES
TSA 12.5 SSP Training

FIXED/ROTOR WING

IPAD COMPATIBLE

APPROX 5-7 HRS

Our TSA course meets the initial and recurrent training requirements of the TSA Twelve-Five Standard Security Program (TFSSP) and addresses the training requirements specified in 49 CFR Part 1544.235 and 1540.105, as well as the 49 CFR Part 1520 training requirements for the protection of Sensitive Security Information (SSI).

Designed to meet the needs of passenger, all-cargo, and international operations, our TSA 12.5 Security Program training is available as a Ground Security Coordinator (GSC), In-Flight Security Coordinator (ISC), or a combined GSC/ISC course. Whatever your training needs, we have them covered.

Training for the following personnel and operation groups is available:
