INDIVIDUAL COURSES TRAINING SERIES

ICAO Dangerous Goods

FIXED/ROTOR WING

IPAD COMPATIBLE

APPROX 3.0 HRS

This course is designed to meet the IATA competency-based training approach appropriate for flight crew, load planners, and shippers of Part 135, Part 125, and Part 91 operators to ensure the safe transport of dangerous goods by air, and includes training on the basics of dangerous goods, transporting cargo and baggage, and collecting safety data.

For Part 135, Part 125, and Part 91 training, ICAO Dangerous Goods meets syllabus requirements of the ICAO Technical Instructions and Table 1.5A-B of the IATA DGR Guide.
